**State Alcohol-Related Laws During the COVID-19 Emergency
for On-Premise and Off-Premise Establishments as of April 13, 2020**

This review looks at alcohol-related policies during the COVID-19 pandemic across all 50 states and the District of Columbia. The primary focus is on the availability of beverage alcohol during the emergency. Coding relies on several sources of information, including websites and press releases for state governors, alcohol beverage control agencies, departments of revenue, commerce, and health; state executive orders and proclamations; online newspaper articles; state statutes and regulations; and the [*STOP Act State Performance and Best Practices for the Prevention and Reduction of Underage Drinking Report*](#) (2018). Although this review seeks to capture policies specific to the COVID-19 context, these policies may expand upon or remain consistent with policies that were already in place. Where possible, preexisting law has been noted. The “Last Updated” date was when our researchers last updated the coding for that state.

Four variables coded for On-Premise Establishments ([TABLE 1](#)) were:

1. Whether they are open for on-premise consumption ([MAP 1](#));
2. Whether they are allowed to sell alcohol for take-out or curbside pick-up;
3. Whether they are allowed to deliver alcohol to consumers’ homes; and, if so,
4. Whether they are allowed to deliver alcohol to consumers’ homes without first obtaining a delivery permit.

Three variables coded for Off-Premise Establishments ([TABLE 2](#)) were:

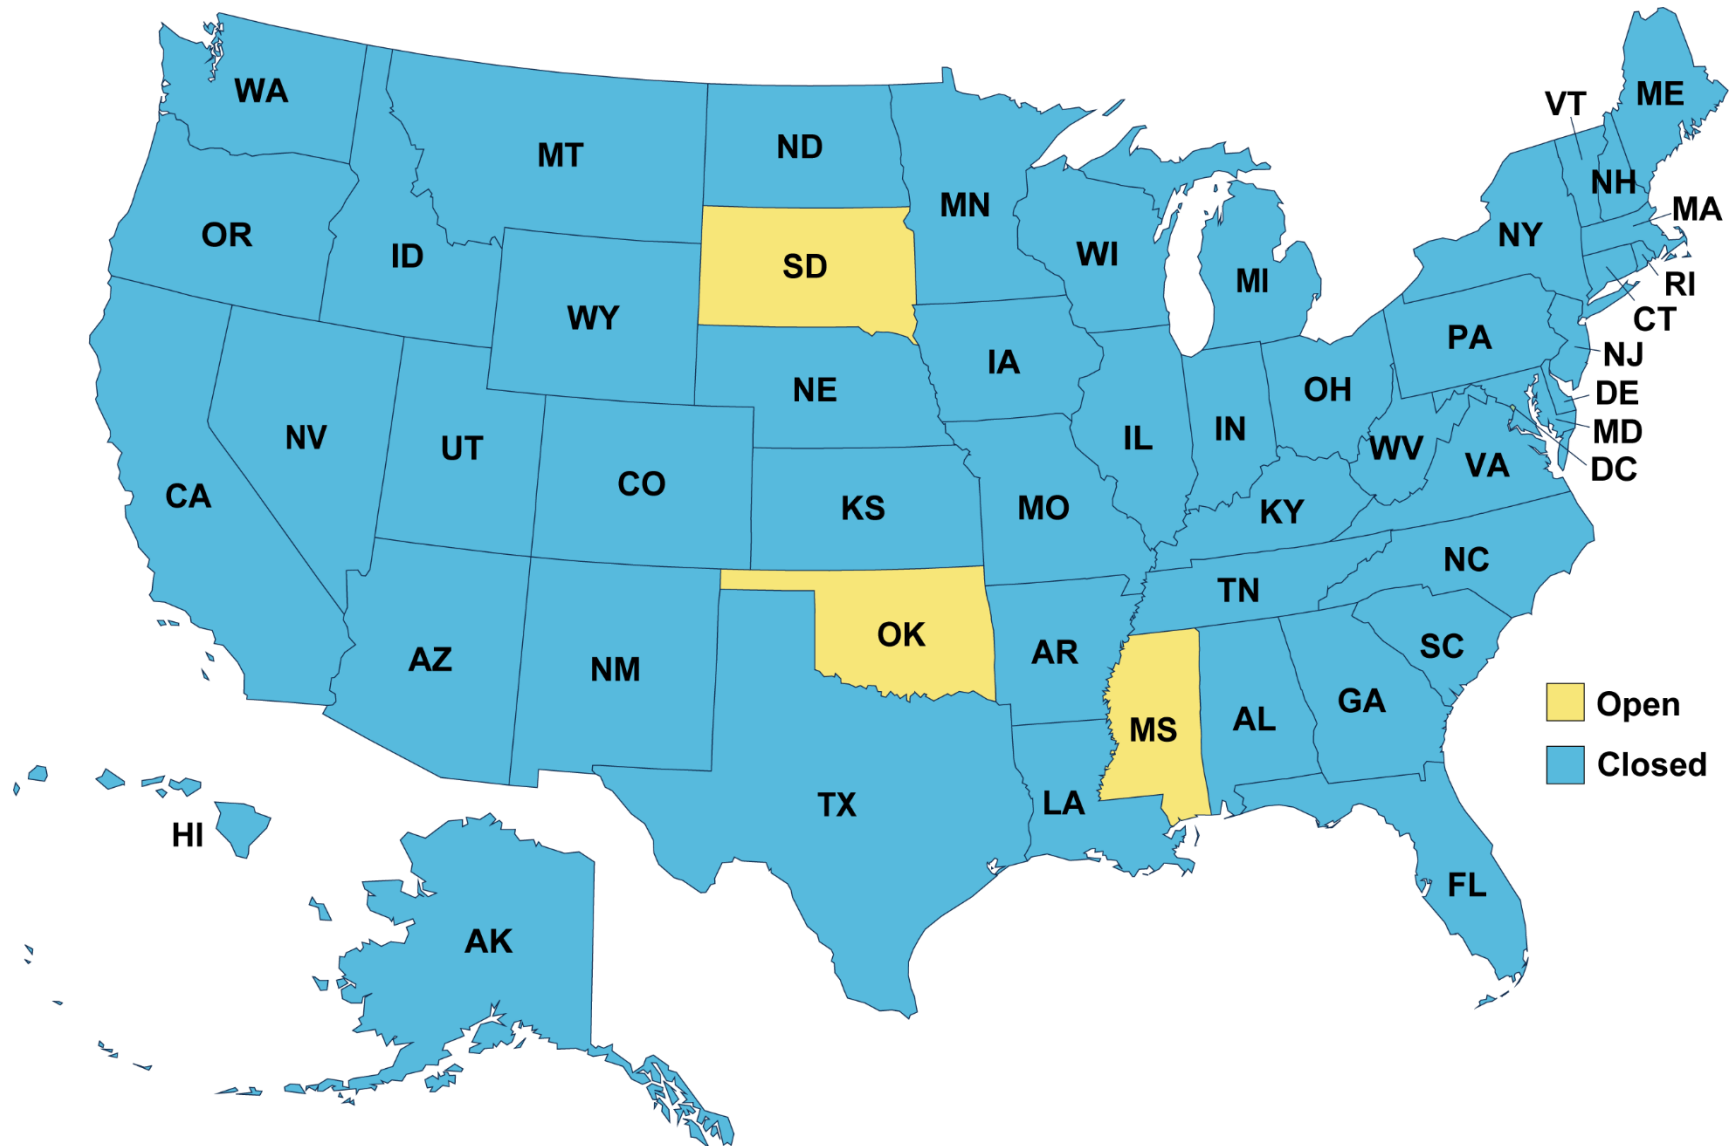

1. Whether they are open ([MAP 2](#));
2. Whether they are deemed an “Essential Business” by the state; and,
3. Whether they are allowed to deliver alcohol to consumers’ homes.

Variables had one of five answers: “YES” (that state met the variable); “NO” (that state did not meet the variable); “UNCLEAR” (it was not clear from the states’ laws whether it met that variable); “NOT SPECIFICALLY NOTED” (the state law did not address the variable one way or another); and “N/A” (that variable was not applicable – e.g. if the state did not allow delivery, then it could not require a permit for delivery and would be coded “N/A”).

Some states had very little written on their official websites. Other states did not list an enactment or sunset date for the law / regulation / proclamation / executive order. No date included on the table means that there was no date listed.

Other alcohol-related COVID-19 laws appear in [TABLE 3](#). Sources used for all coding are displayed in [TABLE 4](#).

AZ (Last Updated: 4/13/2020)	1. Restaurants must continue to maintain a 40% gross food-sales percentage. Off-sale retailers may not exceed any volume limitations regarding the percentage of alcohol sold.
CA (Last Updated: 4/13/2020)	1. Will not enforce code which prohibits manufacturers, wholesalers, and other specified suppliers from extending credit to retailers beyond 30 days. It will be up to the parties to determine appropriate credit terms during this time. However, licensees should also consider that when these temporary measures are lifted, the statutory provisions will pre-empt any agreed-upon credit terms. 2. Suspends enforcement of conditions on licenses that restrict hours of sale except will continue to enforce the 2:00 a.m.–6:00 a.m. prohibition. LOS ANGELES: 1. Cannabis dispensaries are exempt from the provisions of the “Safer at Home” emergency order issued by the Mayor of the City of Los Angeles on the grounds that they provide services that are recognized to be critical to the health and well-being of the City.
CO (Last Updated: 4/13/2020)	1. Suspends the prohibition on recreational marijuana store online sales of retail marijuana and retail marijuana products to facilitate pick up by consumers twenty-one (21) years of age and older in a manner consistent with social-distancing guidelines DENVER: 1. Liquor stores and marijuana stores are essential and therefore can remain open with extreme physical distancing in place.
IL (Last Updated: 4/13/2020)	1. Governor has directed the Department of Revenue to defer sales tax payments for small- and medium-sized bars and restaurants.
IA (Last Updated: 4/13/2020)	1. Reporting and remittance of beer barrel tax and wine gallonage tax is temporarily deferred.
LA (Last Updated: 4/13/2020)	1. Filing and payment deadlines are extended for sales tax returns and excise tax returns for Wine Shipped Direct to Consumers and Louisiana State and Parish and Municipal Beer Tax. 2. Liquor credit extended to 45 Days for affected bars. 3. Retailers allowed to use credit cards for purchases of wine and spirits from licensed wholesalers.

OH (Last Updated: 4/13/2020)	1. The Division of Liquor Control will allow alcohol beverage manufacturers to can/bottle/package product for another manufacturer (who may typically sell only for on-premise consumption and which is usually a violation of the law), provided the Division receives a written request that it will approve or deny in writing. The product being packaged cannot be sold by the Packager and must be returned to the Manufacturer after packing, and the approval does not exempt the Manufacturer from any labeling requirements of the federal Tax and Trade Bureau.
OK (Last Updated: 4/13/2020)	1. For the duration of the Emergency Alcohol To Go rules from the ABLE Commission, the 13.5% mixed beverage tax DOES NOT apply to those alcohol sales, Applicable sales taxes do still apply.
TN (Last Updated: 4/13/2020)	1. Governor's executive order states that he is suspending laws and rules because "restaurants have been uniquely damaged by the COVID-19 outbreak, and it is important to provide them and the many Tennesseans they employ with tools to weather these unique circumstances and continue serving customers in an innovative, safe way" 2. A restaurant selling alcoholic beverages or beer shall prominently post a warning in a manner reasonably calculated to provide notice to customers of open container laws, which must include the following language from Tennessee Code Annotated, Section 55-10-416: "No driver shall consume any alcoholic beverage or beer or possess an open container of alcoholic beverage or beer while operating a motor vehicle in this state." 4. Effective immediately and until further notice, TABC personnel will conduct most inspections by telephone or other remote means for all license types. This will allow staff to expeditiously process licenses without risking the spread of the virus during inspections. You may email or otherwise provide TABC personnel with any documentation or information that may be requested to complete your inspection. 5. Effective immediately the time period for paying or otherwise resolving citations without penalty is extended by 60 days, from 20 days to 80 days. 6. Effective immediately the time period for renewing licenses without penalty is extended by 60 days from the date of expiration of your license. Penalties or other action may be issued if a renewal application has not been submitted or is not able to be approved due to an unresolved issue, such as payment of taxes, within 60 days after the expiration of your license. This extension shall not apply to any establishment who has already received a 15-day notice letter... 7. Do not need to physically touch identification cards to verify age... "any reasonable visual inspection will suffice." 8. Restaurants and bars are considered essential businesses but only for the purposes of off-premises consumption. 9. From March 19, 2020, through September 19, 2020, package retail stores may accept a Tennessee license that expired between March 12, 2020, and May 18, 2020.
TX (Last Updated: 4/13/2020)	1. Restaurants, alcoholic beverage manufacturers, distributors and retailers are all included as essential businesses and can stay open. 2. The Texas Comptroller of Public Accounts is helping businesses that are struggling to pay the sales taxes they collected in February. This assistance includes short-term payment agreements and, in most instances, waivers of penalties and interest. 3. On Texas Alcohol Beverage Commission page: "TABC recognizes the major impact the coronavirus pandemic is having on the alcoholic beverage industry due to mandated business closures, event cancellations and other protective measures. To help the industry during this difficult time, we're providing answers to common questions you may have. In most cases, the existing laws in the Texas Alcoholic Beverage Code and Administrative Rules will apply. But if TABC can relax an agency process, or if the Governor's Office grants a statutory exception to help businesses weather global health and economic challenges, we will reflect those changes on this page and connect you to further guidance."
UT (Last Updated: 4/13/2020)	1. In order to keep DABC stores clean, open, and stocked, and to better serve our customers and support our stores employees, we are temporarily limiting store hours at all DABC stores from Noon-7 PM Monday thru Saturday. Club stores will maintain their normal hours. These hours will remain in effect until further notice.

VT (Last Updated: 4/13/2020)	<ol style="list-style-type: none"> 1. If the beverage alcohol was purchased by the licensee in a standard retail package and would typically be retailed at the establishment in that package it must also be retailed for off premise consumption in its original packaging. If the beverage alcohol is purchased by the retailer in a package that typically requires that the product retailed in portions other than its entire quantity, then re-packaging is acceptable. 2. In the absence of packaging prohibitions paper cups are acceptable. The to-go container must be sealed with a lid to discourage immediate consumption. Providing straws at the point of sale is prohibited. 3. Any photo identity document issued by the Vermont Department of Motor Vehicles will constitute a valid and acceptable identification document for up to 90 days past the expiration date. 4. The Division of Liquor Control has made the decision to consider any license or permit that is valid as of April 30, 2020, <u>VALID AFTER EXPIRATION</u> [sic] beyond the expiration date of April 30th, 2020. This requires a renewal form be completed and submitted prior to April 30, 2020 on the behalf of current valid license holders. No payment is required at this time. 5. Wholesale distributors can agree to take back unopened, clean product for account credit – returns at discretion of wholesale distribution.
VA (Last Updated: 4/13/2020)	<ol style="list-style-type: none"> 1. The Governor directed Virginia ABC to defer license renewal fees for 90 days from original expiration date for establishments with licenses expiring in March, April, May and June. ABC estimates that \$4.5 million in payments will be deferred. Scheduled informal conferences for licensees with violations will continue to take place as scheduled via teleconference, but hearings will be postponed. 2. ABC has also waived the requirement for a signature on deliveries between wholesale and retail licensees, and between retail licensees and their customers.
WA (Last Updated: 4/13/2020)	<ol style="list-style-type: none"> 1. Liquor and Cannabis Board (LCB) imposition of penalties for failure to timely remit tax payments to the WSLCB are waived and suspended until midnight on April 22, 2020. 2. LCB will temporarily not enforce the prohibitions on pre-filling growlers and crowlers under the following conditions, provided that pre-filling is limited to daily quantities expected to sell each day during business hours and pre-filled containers may not be kept or stored beyond the current business day use. 3. Until April 30, 2020, the LCB is temporarily relaxing enforcement to allow licensees with a delivery endorsement to choose to photograph the customers ID, or use other devices such as an app scanning the identification, in lieu of gaining a physical signature to document delivery to the customer. 4. LCB will temporarily not enforce the provisions related to distributors providing free outdoor signage on the premises of licensees for the purposes of advertising the on-premises restaurant or tavern location is open for takeout / "to go" business under the following conditions, provided that signage is standard, and does not contain a licensee tradename, and donations of signage are limited to restaurants and taverns. 5. The LCB is temporarily relaxing enforcement of the prohibition of minors being present in restricted areas of licensed restaurants in limited circumstances. Effective immediately, and until the Governor's Stay Home proclamation is lifted, the LCB will not enforce the minor frequenting laws for licensees who have children under the age of 16 on the licensed premises in age-restricted areas, so long as the conditions are met and they are only engaging in curbside pickup, walk up window pick up, or delivery. 6. At this time, cannabis producers, processors, retailers and approved labs are considered essential and not required to close due to the coronavirus restrictions. LCB is temporarily expanding curbside sales beyond qualified medical patients to allow sales to all adult customers provided certain restrictions are in place. 7. Local health officers have legal authority to close businesses or put other restrictions on businesses or the public during emergencies and can supersede governor's orders. 8. Restaurant should only collect retail sales taxes on bottle sales and therefore may sell spirits without the 17% Spirits License Issuance Fee which is collected from Spirits Retailers and Distillers selling directly to consumers, because although restaurants are engaging in a similar activity, the fee is assessed by license type, and not the activity in general.

WV (Last Updated: 4/13/2020)	1. Given that there is an influx of out-of-state and in-state people purchasing liquor in West Virginia, the WVABCA advises all retail liquor outlets to practice social distancing and limit the number of people congregating in any retail liquor outlet for the public's safety and your safety. Further, if outlets find that individuals are purchasing large quantities of liquor, it would be in best interest to limit quantities per individual, perhaps to 3 - 4 bottles per person. This will also ensure enough liquor for all their patrons.
WI (Last Updated: 4/13/2020)	1. Permittees wishing to amend their premises may submit requests to DOR, where they will be expeditiously considered. Licensees should work with their municipalities to amend their premises. Municipalities are encouraged to work with licensees to expedite such requests, given the emergency.
WY (Last Updated: 4/13/2020)	1. On-premises alcohol sales must be made at the prices of the beverages on March 18,2020 and limited to 1,500 milliliters of wine and 72 ounces of beer. On-premises selling for off-premises must notify police of intent to do so and provide a menu price list.
